

# Shocker Popper

**Game Objective:** Build (lash) a tripod and platform, build a fire and pop the corn.

**Scoring:** Points are awarded for Scouting skills, following instructions, and time.

## Supplies Provided:

- (3) 6-foot poles (to be returned undamaged)
- (10) 2-foot poles (to be returned undamaged)
- (1) 9-volt battery with leads (to be returned undamaged)
- 30 feet binders twine
- 1 aluminum pan
- Steel wool
- Dryer lint
- 10-sticks tinder
- Shredded paper
- Cooking can
- 1-teaspoon cooking oil
- 2-teaspoons popcorn

## Game Rules:

1. Do not start the game until the signal (2 whistle blasts) is given.
2. Use ***only*** the materials supplied.
3. Per the diagram, use binders twine to lash a tripod and the support polls to make a platform.
4. After the tripod is complete, put the aluminum pan on the platform, assemble the fuel for fire and start the fire.
5. Put the popcorn/oil mixture in the cooking can and put over fire.
6. **When the corn begins to pop**, fall into your patrol formation and give your patrol yell.
7. The time is noted by the Game Staff.
8. **When the Game Staff directs**, begin cleanup. Prepare the materials for the next rotation:
  - a. Completely disassemble platform and tripod.
  - b. Save:
    - All poles
    - Aluminum pan
    - 9-volt battery with leads
  - c. Discard fire remains in the provided bucket of water and other materials in the trash bag.
9. **Do not leave the game area** until the game rotation signal sounds.
