

Wilderness Rescue

Objective: To get warmth and food to the stranded pioneer family.

The pioneer family is stranded across a deep ravine with a raging river at the bottom and the rescue group can not cross it for days. The family is cold and starving. They need fire and food. Time is of the essence.

Rules:

1. No one can open the supplies until the whistle is blown.
2. All materials and tools that can be used are provided except a knife.
3. No one can cross the ravine.
4. Nothing can be thrown across the ravine except one end of the string/rope.
5. Only fire can be sent across the ravine on the string/rope.
6. One end of the string must be attached to the short pole.
7. There must be at least 2 people on each side of the ravine.
8. This is a timed event. The patrol must do there patrol yell when the popcorn has raised the lid of the can.
9. The patrol must clean up the site after completing the rescue.

Timed event

The time will be penalized for the following

1. **Crossing the ravine - 60 seconds**
2. **Trowing anything across the ravine – 60 seconds**
- 3.
